We are making our entire Gemé Art American Favorites Lithograph Collection® available on the web. This collection contains more than three thousand of our most popular Lithographs since 1969. Far superior to ordinary prints, these quality lithographs include images produced exclusively for us by our 60 affiliated artists. 100 different subject classifications are available.

The Lithographs are presented with a new PHP/SQL search engine that makes any selection just a few key-strokes away using our unique search bar. Just click "Shop Our Lithographs" on the main menu and you will be presented with the search page. Quality art has never been easier to buy.

We have chosen Joomla, a revolutionary new CMS (Content Management Software) System to present our offering to you.

If you've read anything at all about Content Management Software (CMS), you'll probably know that CMS is the most exciting way to do business on the Web. This is why we have chosen Joomla software to help us present our company and products. We have the capability to do many things with this software, but for now we will use it to present everchanging product news, as well as link to our shopping cart, search engine, and exhibit galleries.
